To our DAC Friends and the community at large:

We are so appreciative of your time, efforts, and engagement with us, your Local Coordinating Council.

Most significantly, we want to thank you for your patience and understanding with us as we have navigated significant and unexpected transformation this year as an organization.

The pandemic has empowered many of us to take a long, hard look at how we use our time, what commitments we make, and what we spend our energy and focus on.

In the spirit of valuing your time, responding to our new reduction in staff, and most importantly, in an effort to streamline and better facilitate our communication as a community, we have made the decision to combine what you previously knew as our Intervention, Prevention, and Justice meetings into one Local Coordinating Council (LCC) meeting to be held both virtually and in-person on the third Thursday of odd months at 12:30 p.m. beginning in January of 2024.

We invite all members of the community working on or toward our mission of preventing substance abuse, primarily by youth, and reducing the negative impact of alcohol and other drugs in the Allen County community to join us at this new LCC meeting.

Sincerely,
