

Eric Holcomb, Governor
State of Indiana

Indiana Family and Social Services Administration

402 W. WASHINGTON STREET, P.O. BOX 7083
INDIANAPOLIS, IN 46207-7083

Thank you for your interest in Indiana's Pregnancy Promise Program—**Promoting Recovery from Opioid use: Maternal Infant Support and Engagement**. As part of our State's overall strategy to attack the drug crisis and to reduce infant and maternal mortality, the Pregnancy Promise Program offers a path toward sustained recovery for pregnant individuals with opioid use disorder (OUD). This program is available to individuals who qualify for Medicaid and who are, or were recently, pregnant. Participants will be paired with highly trained case managers who will help them access the medical and social supports they and their infants need to be healthy and well.

The attached materials provide more details about this program including how to make referrals. Please share these materials with colleagues and potential enrollees. If you would like copies of printed materials for dissemination or need posters printed to display in your offices or workplaces, please contact us at PregnancyPromise@fssa.in.gov

Additional information regarding this program and referrals can be found on our website www.pregnancypromise.in.gov or by calling toll-free 888-467-2717 or local 317-234-5336.

Together, we can offer the promise of a better future for mothers and infants across the State.

A handwritten signature in black ink, appearing to read "Dan Rusyniak".
